

AUTOMOTIVE Equipment & Capabilities

Oshino knows that in the automotive design industry, lighting is no trivial matter. Creativity and a collaborative spirit, expertise, a commitment to quality and the ability to stay on-schedule can be the difference between a supplier or a great partner.

Let Oshino Lamps America demonstrate what great can do for you.

DESIGN ENGINEERING

- On-staff optical engineers: specialists in materials selection and design analytics for diffused, mixed or directed light output

PROTOTYPING / MANUFACTURING

- Custom molds and mold flow analysis
- Light simulation

DESIGN QUALIFICATION / TESTING

- Thermal analysis and management
- Luminance measurements

CERTIFICATIONS / APPROVALS

- TS16949
- ISO9001(2008)
- Delphi
- Honda, Jaguar, Toyota
