

 **Oshino Lamps America**

SOMEONE YOU KNOW IS USING OSHINO...

At Oshino Lamps America, we strive to serve our customers better with proven products, an ever-expanding product line and responsive service. Earning, and keeping our customer's business is a privilege.

Oshino Lamps America was founded in 2012 to support multiple industries with exceptional quality, subminiature and miniature lamps, optical engineering/light guides, and optical filters and now, LEDs. Oshino Lamps America's parent company, Oshino Lamps Ltd., founded in 1931 in Japan, designs, manufactures, and tests lamps and lamp assemblies to ensure the highest quality possible. Oshino lamps are precision-manufactured and tested to withstand vibration and rugged environments while optimizing output. Our product specialists work with customers to select appropriate products for their application, including custom designs.
